	<b>II. STUDY PROTOCOL REVIEW</b>	

## 1. Objectives

This SOP describes how the UPMREB Secretariat manages study protocol submission packages from initial submission and/or resubmission to panel action, including review classifications and panel review assignments. This SOP further aims to provide guidance to how the reviewers evaluate a study protocol submitted to the UPMREB either for the first time (initial submission) or with modifications per UPMREB Panel recommendations (resubmissions).

## 2. Scope

The UPMREB reviews research conducted by members of the faculty, students, hospital staff, residents, fellows and other trainees and employees of the University of the Philippines Manila (UPM), and non-UPM principal investigators (PIs). The UPMREB can review study protocols for a study site that has no local ethics review committee provided there is authorization from the site (see Section IV of **UPMREB FORM 2B: REGISTRATION AND APPLICATION FORM**).

This SOP applies to actions by regular UPMREB review panels from the time of initial registration and study protocol package submission, to the filing of the original study protocol package in the Active Study File cabinet, and the preparation of copies of the package for distribution to the reviewers and deliberations during board meeting. Actions by special review panels will be defined in a separate guideline as each special review panel is constituted.

Applications for UPMREB review are submitted and processed via iREB. iREB is a web portal for UPMREB which facilitates online protocol submission and processing. Principal investigators register and submit their study protocol package in iREB which will then be accessible to the Secretariat Staff for processing. iREB allows processing functions such as classifying, reviewing, and generating reports. iREB is accessible via a designated url. In case iREB experiences server-related problems, a parallel electronic and manual submission will be observed. Secretariat Staff notifies principal investigators and reviewers for instructions.

## 3. Responsibilities

It is the responsibility of the Secretariat Staff to screen, manage, and process study protocol iREB registration and package submission. The Secretariat Staff assigns the review panel according to the cut-off date.

	<h2>II. STUDY PROTOCOL REVIEW</h2>	

It is the responsibility of the UPMREB Chair/Coordinator to decide whether the study protocol is for full board review, for expedited review, or for exemption. The Panel Chair/Panel Secretary is responsible for assigning primary reviewers. It is the responsibility of the Panel Secretary to ensure that the deliberations and discussions are adequately documented.

It is the responsibility of the assigned reviewers to access iREB submissions assigned to them and check the completeness of the study protocol package, systematically review the study protocol, and write their comments after each item listed in the study protocol assessment forms and informed consent checklist, include consideration of relevant guidelines when doing the review, and present findings in the full board panel meeting (for full review study protocols).

The Principal Investigator (PI) is responsible for registering the study protocol in the Research Grants Administration Office (RGAO), accomplishing the online registration of study protocol in iREB, and submitting a complete set of documents to the UPMREB.

- 4.2.4. The Secretariat Staff acknowledges receipt of study protocol and communicates to the PI the assigned code, review panel, review classification, and date of full board meeting in which the study protocol will be reviewed (for full board protocols) using **UPMREB FORM 2(K)2012: ACKNOWLEDGEMENT LETTER**.
- 4.2.5. The Secretariat Staff encodes the received study protocol submissions for initial review in the **UPMREB FORM 4(R)2017: STUDY PROTOCOL DATABASE**. Other submissions are logged into the **UPMREB FORM 4(M)2012: SUBMISSIONS LOG**. Accepted iREB submissions are automatically registered in the iREB database.

### 4.3. Classification of submission

- 4.3.1. The UPMREB Coordinator classifies the study protocol review pathway as either **Expedited Review**, **Full Board Review** or **Exempt from Ethical Review** filtered through the following criteria for Expedited Review:
  - The research poses low risk.
  - The study does not involve vulnerable populations.

## II. STUDY PROTOCOL REVIEW

- The study does not involve the collection of stigmatizing information.
  - The study uses anonymized or archived samples.
  - Continuing review of clinical trials that do not involve further recruitment of participants.
  - Continuing review of studies previously classified under expedited review.
  - Study protocol amendments that are administrative in nature and do not affect the study protocol.
  - Study protocol amendments that do not change the overall risk profile of the study.
- 4.3.2. Research that qualify for exemption from ethical review will be filtered through the criteria listed in the *2017 National Ethical Guidelines for Health and Health-related Research (NEGHHR 2017)*.
- 4.3.3. Undergraduate researches are classified for expedited review and shall fulfill the following criteria stipulated in the **UPMREB Policies and Guidelines (UPMREB GL 01)**:
- Research that is of minimal risk
  - Non-therapeutic or non-interventional
  - Research that will compromise the security, safety, and well-being of students shall not be allowed.

4.3.8. The Secretariat Staff forwards the classified protocol submission to the Panel Chair/Secretary for assignment of reviewers.

4.3.9. In case of iREB server-related problems, parallel electronic and manual processing will be observed for sending protocols for classification, assignment of reviewers and review proper. Electronic processing will be coursed through UPMREB e-mail.

#### 4.4. Assignment of Primary Reviewers

4.4.1. Study protocol submissions will be assigned to either one of the review panels. Review Panels 1 and 2 review protocols submitted by UP Manila personnel including faculty, graduate students, and researchers, and non-UPM personnel. Review Panels 3 and 4 review protocols submitted by UP-PGH personnel such as residents, fellows, nurses, and other PGH researchers. Review Panel 5 reviews protocols submitted by undergraduate students. Other review panels may be created as the need arises (**See SOP I-4.4.2**).

4.4.2. The Panel Chair/Secretary assigns one (1) scientific reviewer and one (1) non-scientific member as primary reviewers of the study protocol. Reviewers are selected on the basis of their expertise. The scientific/medical reviewer is tasked to review technical soundness and related ethical issues while the non-scientific reviewer is tasked to review the informed consent process and forms. In the case of clinical trials, a non-scientific reviewer can be represented by a member who is not a medical doctor.

4.4.3. Study protocols may be assigned to an independent consultant if there are no available experts among the regular members. In these cases, the Panel Chair serves as the other scientific reviewer.

4.4.4. Upon assignment of reviewers, iREB automatically forwards the submission to the account of the assigned primary reviewer. The Secretariat Staff notifies the primary reviewers for protocol assignments in their iREB accounts using **UPMREB FORM 2(J)2014: NOTICE OF REVIEW**, within three days from receipt of protocol submission.

4.4.5. The Primary reviewer acknowledges receipt of study protocol package for review and agrees to review within the time frame. Otherwise, the protocol will be re-assigned to another primary reviewer if there is no response within three days.

- 4.4.7. The Secretariat Staff files the study protocol package along with the UPMREB letters in a properly coded Study protocol file folder and places it in the Active Study File cabinet.
- 4.4.8. Study protocol review is done in iREB. In case iREB experiences server-related concerns, protocol review will be facilitated via e-mail.

### 4.5. Study Protocol Review

- 4.5.1. Studies that do not qualify for expedited review and received by the Secretariat Staff **seventeen (17)** calendar days before the full board meeting are included in the agenda.

- 4.5.3. Primary reviewers accomplish **UPMREB FORM 2(C)2012: STUDY PROTOCOL ASSESSMENT FORM** and **UPMREB FORM 2(D)2012: INFORMED CONSENT ASSESSMENT FORM** completely and comprehensively, and check for completeness of the documentation and information about the PI/s, study sites, and other documents as required by the study protocol under review such those listed in **SOP II-4.1: SCREENING OF STUDY PROTOCOL SUBMISSIONS** applicable to the study.

### 5.2. Distribution of members' meeting files

- 5.2.1. The Secretariat Staff distributes the meeting files which includes the approved **UPMREB FORM 2(G) 2012: MEETING AGENDA**, together with the approved minutes [**UPMREB FORM 4(A) 2012: FORMAT OF THE MINUTES OF THE MEETING**] of the previous meeting agenda, and related study protocols or study protocol synopses to meeting attendees (members, invited PIs, independent consultants, and others) after the PRMC meeting or at least **three (3) days** before the panel meeting through email and messenger or courier service. For details regarding preparation of the Minutes, refer to **SOP IV-4: MINUTES OF THE MEETING**.
- 5.2.2. The Secretariat Staff distributes the tablets containing meeting files to the members at the start of the meeting. The tablets are collected afterwards.
- 5.2.3. The Panel Members must bring all meeting-related materials and files sent to them (**See SOP II-5.2.1**) during the actual meeting to serve as their reference during the review.

### 5.3. Determination of quorum

- 5.3.1. The panel secretary determines that there is a quorum. Confirmation of quorum is done at the start of the meeting and reconfirmation is done every time a decision needs to be made. Quorum is defined as the presence of more than 50% of regular and alternate members who serve as primary reviewers, at least five of whom are described as follows:
- Scientific and/or medical member(s) with expertise on the study protocols being reviewed
  - At least one (1) non-scientific member
  - At least one (1) member independent of the institution (who can be represented by the non-scientific member as the case may be)
  - Representation of both female and male members
- 5.3.2. In studies involving children, a pediatrician or child development expert should be present. The pediatrician is needed for quorum and is able to vote for decisions during the meeting.
- 5.3.3. In case of anticipated lack of quorum, the UPMREB Coordinator will search for a suitable corresponding alternate from any other UPMREB Panels. They

will represent the regular panel members who cannot attend the panel meeting and are able to vote for decisions during the meeting.

- 5.3.4. On the appointed meeting time, the Panel Secretary determines quorum viability and informs the Panel Chair to indicate readiness to call the meeting to order.

#### **5.4. Calling the meeting to order and completion of required procedures prior to review proper**

- 5.4.1. The Panel Chair, or a designated member in the Panel Chair's absence, calls the meeting to order upon confirmation of quorum by the Secretary.
- 5.4.2. The UPMREB also allows, at the discretion of the Panel Chair, guests (such as auditors or surveyors) or observers (such as students or trainees) to observe UPMREB meetings. Non-members (who are not PIs) attending any UPMREB Panel Meeting are required to sign a **CONFIDENTIALITY AGREEMENT FOR GUESTS/OBSERVERS [UPMREB FORM 2(I) 2012]**.
- 5.4.3. The Secretariat Staff documents the proceedings of the meeting under the supervision of the Panel Secretary, as soon as the meeting is called to order by the Panel Chair, noting the time. The Secretariat Staff documents the development of the agenda, specifically all board opinions and action with respective reasons, for inclusion in the meeting minutes, and subsequent communication with the principal investigator. For details regarding preparation of the **Minutes of the Meeting**, refer to **SOP IV-4: MINUTES OF THE MEETING**.
- 5.4.4. The Panel Chair calls upon the Secretary to formally confirm quorum by citing the attendance requirements.
- 5.4.5. The Panel Chair calls for declaration of Conflict of Interest (COI) in respect of any study protocol or submission scheduled for review. Members declaring COI are documented by the Secretary. The Panel Chair instructs the members who declared COI to recuse themselves from the deliberation of the respective study protocol for which the COI declaration was made.
- 5.4.6. The Panel Chair presides over the review of the Minutes of the previous meeting. Any member can declare a motion for approval, which any member

can second. The Panel Chair then declares approval of the Minutes of the previous meeting.

- 5.4.7. The Panel Chair proceeds to facilitate discussion of matters arising from the minutes, the results of which are noted by the Secretariat Staff for inclusion in the Minutes of the current meeting.
- 5.4.8. The Panel Chair finalizes the agenda of the meeting.
- 5.4.9. Full board review of study protocol and study protocol-related submissions typically includes review of the following in sequence:
- Initial Study Protocol Submissions
  - Resubmission or Study Protocols for Modification
  - Clarificatory Interview
  - Withdrawal of Study Protocol Applications
  - Study Protocol Amendment Applications
  - Continuing Review Applications
  - Final Reports
  - Serious Adverse Event Reports
  - Site Visit Reports
  - Study Protocol Noncompliance (Deviation or Violation) Reports
  - Early Study Termination Reports
  - Queries from Various Stakeholders
- 5.4.10. The Panel Chair may allow some modifications of the sequence of review in exigent circumstances. For example, if a clarificatory interview is included in the agenda, the panel may opt to move this up in the review sequence.
- 5.4.11. The Panel Chair instructs the member who had previously declared conflict of interest (COI) to recuse himself/herself from ensuing study protocol deliberation by leaving the room just before the respective study protocol is presented for deliberation. In some instances, such panel members may be called in by the panel to answer questions to assist in the board in arriving at a board action, but under no circumstances participate in the decision.
